

Jefferson River Watershed Council Rental Agreement

The user of the equipment and group agree to safe operation of the All terrain vehicle on which the sprayer/ seeded are mounted.

1. No person under age the age of 16 will operate the ATV
2. The sprayer/seeder will be securely mounted using tie down straps or bolted brackets.
3. The operator will not attempt steam crossing with loaded equipment
4. The operator will not attempt to traverse slopes of more than 5 percent.
5. Will not allow more that the operator to be on the ATV when in operation.
6. Will not operate at a speed greater than 4 mph with spraying or seeding.
7. Will not travel on paved roads with loaded equipment
8. The operator must use protective equipment when using the equipment.
9. Do not attempt to load the ATV into a pickup or on a trailer when the sprayer/seeder are full.

All terrain vehicles, loaded with spray tanks handle differently when fully loaded. The center of gravity can shift instantly with liquid moving in the tank. This may cause rollovers.

Keep the weight of the equipment on the uphill side. When working on slopes, move up and down, not cross.

I /we assume all responsibility for safe and prudent operation of the ATV on which the JRWC equipment is attached. I/we agree to operated the equipment in a prudent manner for the purpose it is intended.
